

Ray of Hope

Know that your simple gift is about to change the circumstance of a less privileged person.

To make donating simple, we have opened our offices in Cape Town as a collection point, the offices of the community radio stations, advertising in this newspaper, as well as the Anglican churches in your area have agreed to be drop-off points. So let us work together and offer rays of hope to the needy among us so they too can cuddle up and fight off the cold this winter.

WESTERN CAPE DROP-OFF POINTS
